I specialize in instrument cluster repair. Are experiencing any of these problems on the following vehicles? All repairs come with a 1 year warranty

2000-2006 GM Clusters *Completely Dead Cluster* *Dead/Dim Message Center *Gauges Sticking, Pegged Out or Not Working Properly

2007-UP Full Size GM Trucks & SUVs *Dim/Dad/Intermittent Message Center and/or PRND321*

2005-2007 Ford Mustang *Gauges Sticking, Pegged Out, or Not Working Properly

1999-2003 Ford F-Series/Expedition *Dim/Dad/Intermittent Odometer Display

You can visit my website for a complete list of vehicles and services <http://clustersurgeon.com/>

I offer a mobile repair service, meaning I come to you, pull the cluster and make the needed repairs on the spot. Don't get raped at the dealer, I can repair these problems for a fraction of what the dealer would charge.

You can contact me via phone or email. or email [Odometerman @ yahoo](mailto:Odometerman@yahoo.com)
