Hello to all,

Do you you need an item or a some items hauled away? Garage need reorganizing? Labor or muscle for a project? Some items moved? I also have tools also for minor repairs and etc.

I charge \$75-\$200 for hauling depending where you are, how many loads and what type of debris to haul. Labor and other services are charged by the hour or a flat rate.

I have a fully insured Dodge Ram long bed.

I have a safe legal place to dispose of items.

Professional, hardworking and efficient I can supply references if needed.

I work full time days until 4:30 P.M..but have great flexibility to accommodate your needs.

I don't smoke or do drugs of any kind.

Thanks for reading.
