I am looking for a child care provider in my home Monday thru Friday 7am-5:30PM. This would include getting my 6 and 11 year old on the school bus and watching my 3 year old during the day and then getting my 6 and 11 year old off the school bus in the afternoon . During the day if you prefer to take my daughter to your home that is negotiable. I receive a child care scholarship through the state for working full time and going to school. This would include paper work and a criminal background check. It will take about 3-4 weeks to start receiving constant weekly pay. (you can contact them to confirm) With the scholarship amount the total weekly pay will be \$300.00. I may also need a sitter for Sunday this is optional and will be from 8am-5pm the pay for this day is negotiable. There will be a interview process and a list of references will be asked for. Thank:)
