Hi,
Looking for someone to care for my 4 yr old son in my home & after school for 6 yr old (possibly your home if location works for school zone)
Tues, Wed, & Thurs from 11 A.M - 5 PM (or earlier depending on husband getting off work). My daughter would get home after school as well so she would be for a short while each of those days.
Daily duties - make and serve lunch, and hang out with an easy going 4 year old that loves WiiU

\$120 per week flat rate no matter if you get off early or not.

Internet available to work on homework during down times. Bring your children or have them bused to my home after!
