I'm 21, attending TCNJ, been playing for about 10 years, and I'm looking to form a cover/original band to gig with on the weekends. I prefer to play covers right now, but I'm open to originals as well. The genres that I mostly listen to and play are classic rock, funk, jazz, soul. I'm not looking to form a death metal band or a pop punk band, so please do not contact me if that is what you want to play. Some of the bands/artists I listen to are Led Zeppelin, The Who, Bruce Springsteen, Billy Joel, Stevie Wonder, Earth Wind & Fire, Iron Maiden, The Beatles, Steely Dan, etc. I can also sing backup vocals, and I have a full PA system if.
