I am looking to do date night/weekend childcare. I have been in the childcare field for over 20 years and love it. I am a full time nanny during the week. I come to you. Available most Friday and Saturday nights but also available during the day hours on Saturday and Sunday's. I can provide local references and i have a very dependable car. I have cared for multiples and newborns as young as 3 weeks old. I can be contacted by phone at

to talk. I even do multiple families if needed or for special.
