Ever wonder how new medications are tested on humans? Be part of the process and you may be paid for your time. If you're at least 18, healthy, not taking any medications, drug-free and a nonsmoker, you may qualify. A telephone interview and an in person clinical screening is required to see if you qualify. Actual study will require you to stay at the research facility for 1 or more nights. Compensation ranges from \$100 to \$300 per night. Multiple studies taking place.
