2002 Suzuki Savage LS650. It only has 2941 miles on it. Great looking and running bike. Has saddle bags and exhaust done on it. Has a great rumble for being only a 650. It's a 5 speed. Also has handle bar risers making it a real comfy to drive bike! Everything works on it. Reason for selling just don't get time to ride it enough! Give me a call or text at 21eight-37one
