

Skilled remodelbuilder for hire (okc metro)

Location **Oklahoma** https://www.genclassifieds.com/x-675518-z

I have over 15 yrs experience in the construction/remodel business. I have been sub contracted by many "remodel companies" and I am currently looking for work on my own. Most companies I have worked for either go out of business or end up not paying me after work is completed! I have a family to support so you can count on a job well done in hopes of repeat work and references. I am very skilled in all flooring types, painting, cabinets, drywall, plumbing, fixtures (hanging/replacement), masonry. I can keep you under budget and will go the extra mile to get the Finnish you are.
