

Stump Grinding Services Professional and Affordable (MedinaCuyahogaLorainWayne)

Location **Ohio**
<https://www.genclassifieds.com/x-675527-z>

Call Tammy for same day or next day service

Stump removal, root removal, shrub/bush removal, hedge removal, small tree removal, haul away services.

Average grinding depth of 10 to 16 inches.

We remove the entire mound along with the stump. When we are done and the chips are removed, you will never know there was a tree there. You can replace it with another tree, seed it for grass, plant a garden, or pour a concrete pad.

We will never offer to just grind down a couple inches. The job is done right the first time every time.

Someone do a botched job and not remove the entire mound? Mushrooms growing in the area because the stump is still there? Roots left behind? We can fix that!

Close to your house or windows? We use a chip screen to protect your property and keep the mess confined to a smaller area, making cleanup that much easier.

Close to utilities? We use OUPS (Ohio Utilities Protection Service) to make sure jobs are done safely.

No job is complete until we rake and sweep the area.

We have machines to do the smallest and the largest of jobs. We saw, chip, grind, and haul into tight spaces and back streets. All of our crews are self-motivated and yard workers. We need a pickup only.

Chain saws of all sizes and a A¾ ton dump for haul away jobs. We have all the proper tools to get the job done right.

Safety and customer satisfaction are our number one priority. A minimum of two uniformed professionals on every job.

The majority of our customers remain homeowners who expect a professional service at fair prices. We
