I have worked in video production for 5+ and have experience with both traditional and digital venues when it comes to video production (i.e. web versus broadcast). I have a Bachelor of Fine Arts in video production and have produced commercials, short films, television shows and documentary features. I am currently expanding my reach into social media and have begun to experiment with social platforms such as Instagram, Snapchat and Vine.

I am working with businesses to extend their presence on or to social media in the hopes of reaching a new demographic by production 6-15 second animations or videos that they can post at any time. Imagine a 15-second ad for an upcoming event or product release.

ALL VIDEOS CAN BE PRODUCED, EDITED AND SHIPPED IN ONE WEEK FROM START OF
