A beautiful example of the rarest of the E46 M3s. Only a total of 2410 cars were ever produced. This is an even more rare 6 speed. Always dealer serviced and maintained the car is in perfect driving and running condition. Interlagos Blue metallic over black (a color only available on the competition package). One hundred percent stock with no modifications. Always adult driven and never tracked. The has never seen snow or winter roads. The car has NO PAINTWORK and a clean carfax. The body of the car is perfect with no dents or dings and is completely devoid of rust. The paint retains a brilliant shine with no scratches or hazing. The 19inch BBS spin cast forged wheels are perfect with no curbing and have never been refinished. The interior of the car is in equally beautiful condition. The leather has no abrasions creases or cracking. Even the driver side bolsters are perfect. All the interior trim pieces are also intact with no dents or crazing. The alcantara headliner is without separation or sagging. As good as the day it was new. I have been a BMW enthusiast and collector for nearly 20 years so if you have any questions about the car please ask. I am willing to work with someone who is interested in the car within reason. However I will not negotiate via email or text. If you want to talk price you need to call. This is an exceptional car in exceptional condition. If you are truly looking for something special this might be the car for you. Thanks for.
