

# Need 2 guys to help load and unload dresser (Shorewood)

I'm planning on buying a dresser from someone but it's more than I'll be able to lift. Need 2 guys to help load it (Wauwatosa) and then unload and bring upstairs to master bedroom at my house in shorewood. Per website it weighs 312 lbs but can likely remove drawers to take a bit of weight off.

Let me know your asking price and availability.
