I am experienced in editing and proofreading all types of documents - academic, business, and personal. I am also a transcriptionist and can type any material you have as hard copies into Word.

I accept Paypal and ask for a down payment when I begin the project. The remainder is due when I return the document to you and answer any questions you may have. If the project is ongoing or lasts a long time, we can arrange a payment schedule.

All work will be kept confidential.

EDITING/PROOFREADING

I check for spelling, punctuation, grammar, tensing, sentence structure, flow, and consistency.

Students - undergraduate and graduate - all subjects - papers, theses, dissertations, graduate school application documents - APA, MLA, Chicago styles. We can arrange for me to work with you throughout the quarter/semester at a discount. Please note: I do not write papers for you. I only edit them.

Businesses - manuals, policies. I will gladly sign a confidentiality agreement.

Personal - resumes, books.

I charge by the page and my rate starts at \$2.50, increasing depending on the amount of editing needed. Please send me a couple sample pages, let me know the length of your document when you have it turned in and I will reply with a rate. I can set up the Word document as a template and send instructions for you to quickly and easily personalize it.
