Hello, we are offering a junk out / clean out service for landlords. Did you have tenants that left your house a mess? With garbage and junk? We come over and clean the entire building out ourselves most times it only takes a day. We charge by the load, \$120-140 a load, depending upon where you are we may charge for gas. Give us a call, and we can come help you out. We have a trailer to haul the garbage. We also have very large tall sides so we can take very big loads of garbage quickly. you can reach me at
