Hello, we are offering a junk out / clean out service for landlords. Did you have tenants that left your house a mess? With garbage and junk? We come over and clean the entire building out ourselves most times it only takes a day. We charge by the load, \$120-140 a load, depending upon where you are we may charge for gas. Give us a call, and we can come help you out. We have a trailer to haul the garbage. We also have very large tall sides so we can take very big loads of garbage quickly. you can reach me at

Thank you for your time. Chris ( )
