

# 3D Printing Experts Needed

Location

**Texas**

<https://www.genclassifieds.com/x-675974-z>

Attention all makers, creators, 3D Printer owners and 3D Service Providers! We just launched a 3D Printing service provider site and would like to welcome you all to check us out:

[www.american3ders.com](http://www.american3ders.com)

Unlike most service provider sites out there (3D Hubs, Freelancer.com, Upwork, etc), we DO NOT charge any fees. This means that if you provide services, you keep 100% of your earnings. If you are paying for service(s), you DO NOT get charged extra. "NO GAMES, NO GIMMICKS, NO GOTCHAS". Simply just a way for you to offer 3d printing services, or a way for you to get 3d printing help. =)

Hope to see you all there!
