Let me introduce myself, I am your next childcare provider. It is nice to meet you.

Thank you for allowing me to take care of your child while you are away. I will give your child the best care possible. I will spend our days learning, playing and growing into little respective people. Good manners will always be expected, we always use please and thank-you. We will learn to be patient with each other as we will learn to share with other kids. We will develop social skills and learn to talk and interact with other kids our own age.

I have a very small group of children and feel a small group is the best way for a child to learn. Children need to feel special and not a number in a large daycare facility. Individual attention is very important.

I offer full-time Drop-ins are welcome if space permits that day.

full-time care only.

A discount for siblings is offered.

Let me know what your needs are, maybe it can be worked out.
