I have 4 female bull mastiff puppies that need a home.  
 They are 2 1/2 months old and they are beautiful.  
 Warning these dogs will grow to be 100+ lbs but they are awesome cause  
 They dont require a big yard and they are mostly indoor dogs and they are lazy  
 And eazy to walk. Good with kids.  
 The big dog is my princess and I will see how she just likes to.
