I need a ski boat (20 feet) moved to California.

Right now, I have no boat trailer but I might purchase one in the Fayetteville area.

Otherwise, I am looking for someone with a big moving van or flatbed truck willing to deliver it out west to Northern California. Boat could be cushioned in a van with old tires or mattresses.

A fork lift is available to load the boat.

If I purchase a boat trailer, of course anybody with a pickup truck or van can tow it out west easily.

Let me know if you are interested in the job or have any ideas for the transport.
