Greetings fellow actorial hearts, minds and souls!

d like to go from chooting chort films & coppos

I'm a fellow actor with improvisational skills, decent filming & editing skills, some scene writing skills, songwriting skills musical- guitar, piano skills...

and I'm seeking some like minded actors/actresses to work with on shorts. Comedy, Drama to Romance dramedy, mocumentary... to start with.

We could brainstorm some ideas, shoot a scene at a park or at the Southglenn or Smokey hill library. I would be doing the editing; if you edit as well, then we could both edit.

Shot a bit like a documentary...keeping it simple, allowing our skills to shine.

to finding other poon

** No Pay..though..

Great if you are wanting to add something different to your demo reel and for a fun & different experience..allowing an opportunity to work with some other fellow acting talent.
