

Rehoming 2 Lab Mix dogs (Wasilla)

Location **Alaska**

We are looking for a good home for our two lab mix dogs. They are brother and sister and been together since birth. Want them to stay together.

They will be four years old in November.
One Male, (blonde) and one female, (black) both fixed. Need updated shots and will pay for that, on Oct 1st.

Reason for rehoming. Our family is growing and we do not have the room for them or time. My husband is a sloper and I am super busy mom. They have been spending a lot of time outside lately. They need more attention then I can give.

They are great dogs and listen well. Are trained. We have a doggie door, they come and go. When left in the house they do not have accidents inside at all. They are in a fenced back yard.

We have always done open feeding for them and have a dog food dispenser for you to go with them as well.
