Married Couple Seeking Fishing Friends (Seward AK)

Location Alaska https://www.genclassifieds.com/x-676326-z

My hubby and I are seeking to find a boat owning fisherman who is in need of some fishing friends to go fishing with that will also assist with gas and supplies. We have owned boats and fished all of our lives, however since moving to Alaska we simply haven't as of yet been able to afford our next vessel, hence the reason for the post. We have been in Alaska living near Seward for 8 years now and still have never caught a nice Halibut, Ling Cod, Yellow Eye, King Salmon, Silver Salmon etc, and we can't wait to! We are in our early 50's, are completely sane, intelligent, kind, normal folks looking for good friends, and good times! So if you are in need of a couple of more than willing people to assist you on a fishing adventure of a lifetime... PLEASE let us!
