

Free Firewood for making mulch only (Baldwin Area)

Location **Arkansas**
<https://www.genclassifieds.com/x-676341-z>

I have some old firewood that was left under some pine trees that is not good for firewood anymore. It would however be good for making mulch for your garden or flower beds. You can see in the photos the condition of the wood, again it's not usable for firewood. If your interested bring a truck or trailer and I will help you load it (I will not haul it).

Thanks
