Licensed daycare opening for infant and toddler. Located in a great neighborhood on a quite and safe street. Over 3 acres of private land with church playgrounds close by and over 1700 square feet of approved daycare space available for the kids inside my home. I have provided loving childcare for over 25 years. I love the kids and treat them like their my family. In fact, most of my kids will come back for visits long after they have entered elementary school. Please visit us at Catonsvilledaycare.
