Three 4-month-old tortoiseshell brown tabby shorthair female kittens are now available: one dilute (grey and tan) and two classic (black and orange). They have some Bengal in their make-up, judging by their spotted bellies and soft coats. They are bold, high energy, intelligent, and eager to participate in whatever you're doing.

They're spayed, microchipped and vaccinated. There is a \$60 per kitten adoption fee. To arrange to meet them, call

Aug 22 update: The dilute torbie has been adopted. The other two are still.
