==SAVE a Dogs LIFE and Get PAID! :-)==

Foster home is desperately needed and can make a world of difference to a shelter dog. Each week many perfectly wonderful dogs are euthanized. . . simply because there is nowhere for them to go. For this reason, we are excited to introduce a PAID FOSTER program, which we hope makes it easier for more people to foster so that more lives can be saved.

While fostering pays big times in loving kisses, long cuddles, and endless adventures, we offer a base rate payment of \$15/day, plus all food is covered! Our dedicated team will also be available for questions and tips, but we request for dedicated & experienced foster parents. This means you will have contact information (phone number & email) for any questions you have or help you may need.

All we ask is that you provide a safe living space in your home, love, proper exercise, guidance, structure and attention. We also prefer that you have no other pets in the home, as we love when our dogs receive individual attention, but we can make exceptions on a case-by-case basis.

Fostering is an amazingly rewarding experience that can give your life purpose and fulfillment (just ask any other foster parent!) It is also a wonderful gift that you can give to an animal in need.

Our FEATURED dog is Diesel, and he is in desperate need of an experienced home, preferably

somebody with knowledge on basic training & some knowledge on behavior modification. If you are interested in becoming a foster caretaker for a dog in need, please contact us at (516) 433-721-76520-z. We will connect you with a volunteer who can answer any questions you may have. You may also ask the volunteer for an application, which will be reviewed by an experienced foster parent. We want to ensure our dogs are going to safe and appropriate homes.

Diesel thanks you for your interest in fostering Diesel does have some guarding behavior of his toys & his food with other dogs & sometimes with people. As this is an urgent situation & Diesel's time is running out, we also want to make sure the best placement possible is found. A trainer can be arranged to work with the foster home until a more permanent placement is found.
