

Flute Player looking to form World Music Ensemble (Loveland)

Location **Kentucky** https://www.genclassifieds.com/x-676620-z

As the title says, I'm looking for a small group of musicians interested in putting together a world music group. I'm picturing a mix of Irish, Scottish, Scandinavian, French, and more exotic tunes with high energy and a driving rhythm. All instruments welcome to get in touch! The goal would be to put a set together and look for regular gigs in the Cincinnati area.

I myself am a simple system flute and whistle player. My background is primarily in Irish music, but I've dipped into other traditions as well.

Thanks for!
