

Only \$20 an hour. Record, Mix, Master. Experienced engineer with over 5,000 hours of studio time. Past major label experience; Universal Records, MCA, RCA. I also work with a 4 time Grammy winner in L.A. if you want your recording mastered (\$250 per song) by one of today's best on commercial radio.

Please forward links to your web, Soundcloud, or e-mail demos to see if we are a good fit. Sound quality

doesn't matter. I can do the same.
