

# Please Open Your Home to a Homeless Cat (Chicago)

Location **Illinois**  
<https://www.genclassifieds.com/x-676770-z>

Even if you can't adopt, fostering a cat or kittens temporarily in your home saves lives, and will allow our volunteer rescue group time to work on finding a forever home for them and get them off the streets. We will take care of any emergency medical costs and supplies that you need like litterboxes and carriers.

Please help us help them, and thank you for caring!

We have many abandoned and friendly cats both male and female who are desperate for a safe home inside as soon as possible! Some are more timid and need time to recover from being outside on their own, all of them are so grateful for a chance to come inside again!

If you are interested in adoption, we do have a small rehoming fee for all the cats that helps to cover medical care for them.

Contact us for an adoption or foster application, if you can open your home and heart to help them.

We do have a small rehoming fee for adoptions to help defray some of our medical care.
