I have approximately 20 sq of shingles that need installed on my roof. All layers have already been removed, decking has been repaired. Ice and Watershield is being installed tomorrow over the entire deck. 3/12 pitch, no valleys, one chimney, three pipe flashings, four roof vents, one furnace vent flashing - easy job just don't have the time. Shingles will be delivered early next week.

Want an experienced roofer - will do a reference/background check.

Contact me and we can arrange a time to look at the.
