I specialize in training your horse to be calm and gentle enough for kids or novice riders. I've rode horses all my life and trained them for other people over 25 years. I use a lot of Clinton Anderson, Chris Cox, and Pat Perelli's techniques. To see horses I've trained or have in training go to (www.jjstallions.com). I do not hit horses or use spurs on them. I work with each horse I have in training at least 2 hours per day 7 days a week. I train all breeds and sizes of horses including Stallions, Mules, and Donkeys at the same price. I Guarantee my training (IF I DON'T HAVE YOUR HORSE MUCH GENTLER AND RIDING IN 30 DAYS ITS FREE). You pay nothing until the 30 days are complete. I charge \$550 for 30 days which includes a stall and hay fed twice daily. For openings call The price of training will increase on September1, do to the cost of feed.
