Location **Alabama**

Standard poodle male, cream-colored. Tail docked and dew claws removed. He is playful, smart, really going to make a wonderful dog; unfortunately he's just a lot to handle with a toddler. Up to date on shots and worming, vet records available, CKC registrable.

Standard poodles make wonderful pets, but do require some grooming. Interested parties should make sure they are aware of the necessary grooming requirements. Apart from that they are intelligent, family-oriented dogs.

Additional pictures available upon request, there is a rehoming fee. Serious inquiries only, want to make sure he goes to the very best.
