Phone Application Testers Position (Anchorage,AK)

Location   **Alaska**

https://www.genclassifieds.com/x-676907-z

We are hiring phone app testers to test out upcoming new apps. We are a Market Research company that focuses on market adoption for apps. We run tests for tech companies prior to launching their app into the market. We take their app and have our testers make sure the usability, functionality, and also provide feedback and comments on the user interface. The job pays between $20-$25 per hour. This is a full time position. Not a remote job and cannot be done from your home. Please take a look at the job: freelancegigs
