Military man seeking temporary housing until family can join.

Looking to move in September 28th and hoping family would join on October 15th.

Okay with furnished or unfurnished room, okay with sharing a bath, would prefer internet access for better contact with family.

Non smoker, very light social drinker, into sports, politics, current events & movies.

Let me know if something can be worked out. Hoping to have something planned this week as I will be out of town from next Monday until my needed move in...
