

Scarpa Inverno mountaineering boots (300 USD)

Location **Alaska**
<https://www.genclassifieds.com/x-677076-z>

I have a US size 12 pair of Scarpa Inverno mountaineering boots for sale. They are brand new boots only used them once on a test hike in Hatcher pass I just don't like how stiff they are anyone who has used plastic boots knows these are a great brand with a great reputation on the mountains. I paid \$350.00 for them so this is a great deal for someone who is looking for a pair of mountaineering boots. I wear size 11 US in shoes and boots but when I ordered the first pair and tried them on the size 11 was too tight so I exchanged them for a size 12 US to have a little room for thick socks. If interested call or text # 44four-11one three thanks for.
