We are formally rehoming our 1.5 yr old havanese. He is completely housebroken. Great with kids. Knows some commands. Comes with food, new treats, grooming kit, medium wire kennel. Great guard dog although small. He is 15.5lbs. He barks at strangers, when someone is approaching, and when the door bell rings. He will growl at strangers getting to close unless he knows they are safe. Never bit anyone. All bark no.
