Hi -

I tutor Math at all levels from K-12, most College Math classes and all standardized test (ACT, GMAT, GRE, PCAT, etc). I have noticed from my tutoring experience that no hurdle is insurmountable and often it is simply a case of a different approach to a problem that does the trick, Aside from teaching the Math concepts and formulas, instilling "Self-belief" is a cornerstone of my teaching approach, especially with Middle/High School students.

Many of my recent students have improved significantly within 4-6 weeks. My rates are reasonable and my schedule is flexible.. If you have any questions, please send me an e-mail at
, or you can call me at . Either way,
best of luck.

Thanks,
Chin
