16 mostly wooded acres located on M-19, with natural gas at road frontage. Woods consist of mostly pines, and poplars. Some nice tall grassy openings in middle of parcel, with dense pine thickets along it's edges. Lots of wildlife using the property, including deer, rabbits, and turkeys. Some deer hunting stands in place, and many good places to put in food plots. There is a small creek running along part of the south edge of the parcel, providing a source of water for the wildlife. A driveway has been started in at NE corner of the property.
