Upholstered furniture repair and RTA furniture assembled on site. No need to haul back and forth.

If your sofa, love seat, chair or recliner needs any of the following I can take care of that for you.

Broken frame, sagging seats, padding broke down, seams separating, mechanism needs replaced, fabric panels need replaced(if you have the fabric), pooping or other noises in the arms and seats, and more.

If you have recently purchased any RTA furniture such as Entertainment center, bookcases, tv stands, bakers racks, basically any thing that needs assembled I can either help you with that or do it for you.

If you have need of my services please respond with your name and number. A picture of the piece of furniture and description of the problem would speed things up and allow me to better give you and Idea of the price to repair.

30 years experience working with.
