

Need R12a system evacuated

Location **Kansas** https://www.genclassifieds.com/x-677314-z

I've a 1993 Miata with the original R12 A/C still intact.

If you know someone who needs R12a (I hear it can be recycled) or someone with the tools to recover, please let me!

The system has not been opened or serviced since it left the dealer and I just need it evacuated/recovered.
