Let us help you with your business goals. We are a local company that wants to work for you. Let us help you grow and maintain your business. We can provide sales, not leads for your business. We also can maintain your existing clients by providing all invoicing, collections, and communications on your behalf. We only get paid when you get paid Once we receive payment we will pay you via Google Wallet or Pay Pal

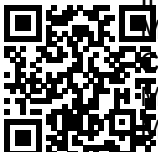

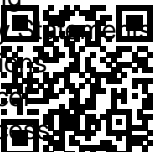

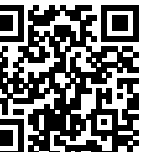

Here is how it works:

Sales

1. We advertise and sell your services.
2. You provide estimate not us. You are determining your what you will charge, not us.
3. We can provide a daily schedule for you.
4. We provide all invoicing and collections.
5. Once we receive payment from client, you will be paid.

Management

1. You provide a list of customers that you would like us to manage.
2. Those are entered into our invoicing database under your account.
3. A daily schedule is provided to you.
4. Once service has been delivered, we invoice the customer under your company. (So all payments can be processed)
5. Once we receive payment from client you will be paid.
6. Monthly statements are sent on all outstanding balances. This is perfect for scheduled services such as Lawn Care, Maid Services, Pet Sitting, etc.All of this for only 10% of the service rate We do ask that you have liability insurance and license when applicable. Services Scheduling
