A Touch of Home !

We have room to accommodate your furry family member (s)

We are a private non-smoking residence providing daycare and overnight/extended overnight boarding for small breed dogs. We own small breed dogs and we invite small breed dogs only to daycare / board or both, with us while their owners are away.

Our property is private, vast and safely fenced all around. Pups will have a huge private yard all to themselves plus quite a few furry friends to hang out with. Our yard is not the average backyard of any given home. It is huge and spread out inclusive of an in-ground swimming pool. It is all nature surrounded by lots of trees. All you hear is peace and quiet. We are a wonderful loving home for your dog where they will be treated as our very own.

We do not believe in crates other than using them to transport our pups to the vet. There are plenty of dog beds, papasan cushions, blankets and throws all for the little ones. Feeding bowls are all made of ceramic or stainless steel, many from the ASPCA.

There are no children in the house and all pups have free reign. There are adults home at all times so your pups will never be left alone. With this said, we are also not into having too many pups at any given

time. Our maximum is about 7 at any given time even though we have space for 20! Having around 7 pups is constant in the air. The environment is relaxed and pups are not stressed if persons are not relaxed in the house too. The owner knows one dog will overtake the others together but it's a big happy family.

Our requirements are the very basic up to date vaccinations :- (we require copies of these shots for our

(pups)  
 Rabies  
 Distemper  
 Bordetella

It would also be much appreciated if pups are flea and tick free.

What do we require of your little one?

Friendly, social and love other pups

Potty Trained

Non Aggressive

Minimum age of 6 months

Spayed and Neutered

All pups will be given Vermont Pure Spring water and not tap water. Water is refreshed frequently.

Please be sure to provide the meals for your pup whether they are coming in for daycare or boarding. Please also provide any special instructions on diet and feeding if any.

Treats! Yes they get treats alright ! And so will your pup !

Pups who board with us for at least 4 days + will get a free bath. They will go home all nice, clean and brushed. Any other requested bath will be charged just \$20.

We have excellent references from our current clients. We ran a dog daycare/boarding business for many years and have ample experience for our home business. We have also owned dogs all our lives. There is room for more dogs. There will be plenty of doggy personal space, one on one attention and a relaxing, safe play environment.

On the brighter side of life, if you have a senior pup who just likes to hang out and be a couch potato, that is fine with us too. Many seniors on the quieter side cannot handle the noisy hustle and bustle of dog daycare facilities. We own a couch potato ourselves so we know what they are like! They are no bother at all.
