For sale Charbroil TRU Infrared Gas Grill. In good shape. 3-Burner with additional side burner. We've liked the infrared grilling method, where the burners heat up the large steel pan, which transfers heat to your grates. Drastically reduces flare-ups and charring. Allows you to add wood chips to get a good smokey flavor. Starter still works. \$250. Seen in stores new for about \$400. "Professional" description below.

The Gourmetâ„¢ 3-Burner gas grill is the top-of-the line grill for mid-sized cookouts. It features a sleek stainless steel design. With the TRU-Infraredâ„¢ cooking system there are no flare-ups and even heat. The grill features porcelain-coated grates that are rust-resistant and easy to clean and you can start your grill with the push of a button. Side shelves give you a handy workspace.

Neat vintage shabby chic desk. Pretty as is or can be painted.

30 cash and carry.
