If you have a fiddler crab(s) that you'd like to get rid of I'd love to give it a forever home. Yes I know I can just go to the pet store and buy one but I thought if there was one that was no longer wanted by it's current owner I'd gladly provide it with a great home. Don't really need anything that goes with it but if you don't want it I could take it as well. Looking for a free or very cheap. Looking to stay within Apple Valley, Rosemount, Lakeville, Farmington, Northfield areas if possible.

Thanks in!
