About me: 25yr old male working full time in construction in Nampa for a family friend. Im very social and love meeting new people. I am originally from california and new in town. I am just looking to split rent and utility between the two of us. I am not looking for couples sorryRrent is \$895/month plus utilities. The application is \$25 for you to run a background check and get approved by the property management. I paid the deposit so you would just have to pay me half(\$300).Looking for a reliable student or working individual with stable source of income close to my age 21-30yrs male or female. Im very chill and work allot so im not really looking for a roommate that is trying to have party's or do does crazy drugs. I am 420 friendly but only sporadically and socially. Besides that im just your average guy who has traveled allot and comes from a large family with siblings all over the country in college, im no too picky as long as you clean up after yourself and can be respectful, considerate, honest and open minded. Id like to find someone who is outgoing and can enjoy doing stuff together and exploring this city on our free time. I do not have a Pet so if we decide to get one there will be additional fees and deposit for that and its breed specific as stated in the lease. If you are bringing one of your own then you are going to have to pay for all the fees for your pet.(I will play with them, if they are dogs:))I just moved into the apartment this month. Its very nice on the second floor and currently unfurnished so we will have to purchase new furniture unless you have some things for the communal area already. email me with questions and i will send you pictures then. Tell me a little about yourself. I will only respond to those who put the effort and give me some genuine background information about their hobbies, interest, occupation and put "#Cali2Boise" in the subject.This is to avoid you know who..

You can also check out their layouts on their website:
