

Need Female Models (Las Vegas)

Location **Nevada**
<https://www.genclassifieds.com/x-677785-z>

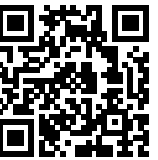

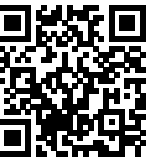

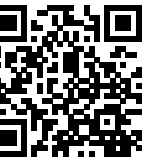

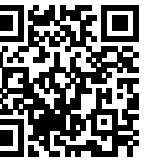

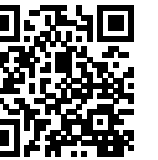

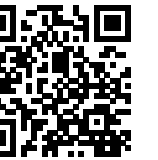

Looking for models who are looking to expand and diversify their portfolio. I'm a photographer and videographer looking to expand and build my portfolio as well in this process and will also be looking for commercial applications for the photos taken, if both photographer and model are comfortable doing so. The main focus of this shoot/project is to capture the unique individual beauty of the female face and figure, taking photos from interesting angles, closeups, playing with lighting, etc. This will be a tasteful and artistic experience and you will not be asked to do anything you are not comfortable doing.

Must be 18 years and older (ID will be required at the time of the shoot), all shapes and sizes are desired as beauty is not in age or a waist size. No prior experience necessary.

As the focus of this is the female figure, you must be comfortable being nude for the shoot. I have a studio available for the shoot although unique settings are preferred for the shoot, am willing to travel as well. If the project is ever exhibited or published in any form, you will have the choice of whether to be credited or remain anonymous and/or be included or excluded from the presentation.

I am looking for as many participants as possible, as I would like to capture and showcase a wide variety of figures and faces.

To apply, please send details that include, Name, Age, Measurements (if comfortable sharing), general location and if there is anything you're not comfortable having photographed. Along with the details, please include at least one photograph of yourself. Ideally you would send one normal photo and any nude/semi-nude photographs that you see fit for this shoot (does not have to be professional, artistic or well lit - just enough to give me an idea of body shape so that I can select a wide variety of models. If you are not comfortable sending nude photographs, then a full body clothed photo will do. The more photos and more detail included in your response the more likely you will be selected for this project as the photos will cover a wide range of subjects and.
