Jersey is a 2 year old German Shorthair pointer, she's full of energy but aims to please. We are trying to find a forever home for her due to the fact that we have had a couple of unexpected things come up and we can't give her the time and attention she needs and deserves. We are asking a rehoming fee of \$250 to assure she goes to a forever home. With some work she would make someone a great hunting dog for this year. She isn't housebroke but we have had her inside before and as long as you keep an close eye on her she's done fine.
