I have recently discovered Amazon reviewers. You can pick what you want with choices of full-sized products to appliances. There are companies who start selling on Amazon and it's hard to sell a product with no reviews. So they give product for free or at an extreme discount (as in a dollar or two) to people like us to review. The more reviews they get the higher up in a search they will be on Amazon so it's an easy sacrifice to these businesses.

I am not any part of this site other than I get stuff from them just like you can.. If you visit the sites now and don't see anything free, sign up anyways, they update daily and since it's late all the freebies may be gone. I had no idea something like this existed so I wanted to share. I've signed up and have received 3 products already! Check it out!!!! http://www.dollardealreviews.com/?mref
