

Gen Classifieds.com SEEKING PERCUSSIONIST FOR WORKING ACOUSTIC PROJECT (PARMA HEIGHTS)

Ohio Location https://www.genclassifieds.com/x-677833-z

There is a spot open for a conga/bongo/cajon player in the working acoustic project known as Red River Range. I have a show on the 29th of September & if all goes right you could possibly be involved in that. Paid gigs take place at least 3 times a month & the act is growing fast in popularity. This is a very simple & fun gig. Please check out Red River Range on youtube facebook & reverbnation to see some video & hear the music & see if it interests.
